## Exam Notes

Plan to respect exam-taking sessions with seriousness to honor other students, teachers, and themselves

- Students are to remain silently in classrooms for the entire exam period, even after all students have finished. Bathroom breaks only in emergencies
- No talking during the exam period except hand-raised discussion between student and teacher.
- No assemblies are planned on Wednesday or Friday, allowing students to enjoy more social and snack time between the silent tests.
- The additional time provided for each exam is intended to allow students to finish in a relaxed manner.
- No electronic devices will be accessible to students during testing. No i-pods, cell phones, mp3's, i-pads, ear buds, smart watches, etc. Students must turn OFF all devices and place in book bags. Handling of e-devices during testing will be assumed to be cheating.
- There is no cell phone use allowed during the break between exams.
- Students need to bring a book, magazine, crossword or other non-electronic diversion in case they complete an exam before end time.
- Normal classroom and campus policies and practices are in effect, **including dress standards.**
- No food or drinks in classrooms. Bottled water and cough drops are allowed.
- Make up exams will be scheduled by the grade-level supervisor.
